**September 2021** – [Panorama Education](#), which has built out a K-12 education software platform, has raised \$60 million in a Series C round of funding led by General Atlantic.

Existing backers Owl Ventures, Emerson Collective, Uncork Capital, the Chan Zuckerberg Initiative and Tao Capital Partners also participated in the financing, which brings the Boston-based company's total raised since its 2012 inception to \$105 million.

Panorama declined to reveal at what valuation the Series C was raised, nor did it provide any specific financial growth metrics. CEO and co-founder Aaron Feuer did say the company now serves 13 million students in 23,000 schools across the United States, which means that 25% of American students are enrolled in a district served by Panorama today.

Over 50 of the largest 100 school districts and state agencies in the country use its platform. In total, more than 1,500 school districts are among its customers. Clients include the New York City Department of Education, Clark County School District in Nevada, Dallas ISD in Texas and the Hawaii Department of Education, among others.

Since March 2020, Panorama has added 700 school districts to its customer base, nearly doubling the 800 it served just 18 months prior, according to Feuer. [...] Former Yale graduate students Feuer and Xan Tanner started the company in an effort to figure out the best way for schools to collect and understand feedback from their students ([read more](#))

September 2021, Panorama Education, Xan Tanner, raised \$60,000,000 to expand operations. October 4, 2021, Xan Tanner's father-in-law, U.S. AG Merrick Garland, tells the FBI to investigate any potential parental interference/disruption that might impede his son-in-law's business interests....

MEMORANDUM FOR DIRECTOR, FEDERAL BUREAU OF INVESTIGATION  
DIRECTOR, EXECUTIVE OFFICE FOR U.S. ATTORNEYS  
ASSISTANT ATTORNEY GENERAL, CRIMINAL DIVISION  
UNITED STATES ATTORNEYS

FROM: THE ATTORNEY GENERAL   
SUBJECT: PARTNERSHIP AMONG FEDERAL, STATE, LOCAL, TRIBAL,  
AND TERRITORIAL LAW ENFORCEMENT TO ADDRESS  
THREATS AGAINST SCHOOL ADMINISTRATORS, BOARD  
MEMBERS, TEACHERS, AND STAFF

In recent months, there has been a disturbing spike in harassment, intimidation, and threats of violence against school administrators, board members, teachers, and staff who participate in the vital work of running our nation's public schools. While spirited debate about policy matters is protected under our Constitution, that protection does not extend to threats of violence or efforts to intimidate individuals based on their views.

Threats against public servants are not only illegal, they run counter to our nation's core values. Those who dedicate their time and energy to ensuring that our children receive a proper education in a safe environment deserve to be able to do their work without fear for their safety.

The Department takes these incidents seriously and is committed to using its authority and resources to discourage these threats, identify them when they occur, and prosecute them when appropriate. In the coming days, the Department will announce a series of measures designed to address the rise in criminal conduct directed toward school personnel.

Coordination and partnership with local law enforcement is critical to implementing these measures for the benefit of our nation's nearly 14,000 public school districts. To this end, I am directing the Federal Bureau of Investigation, working with each United States Attorney, to convene meetings with federal, state, local, Tribal, and territorial leaders in each federal judicial district within 30 days of the issuance of this memorandum. These meetings will facilitate the discussion of strategies for addressing threats against school administrators, board members, teachers, and staff, and will open dedicated lines of communication for threat reporting, assessment, and response.

The Department is steadfast in its commitment to protect all people in the United States from violence, threats of violence, and other forms of intimidation and harassment.

Merrick should step down or be removed for making a 'policy' of declaring any one protesting teaching CRT to be a "domestic terrorist".  
The self serving Conflict of Interest is as plain as day.  
Imagine him on the SCOTUS

step down why?

conflicts of interest are for peasants.

there is literally no consequence for any of this, so I see no reason for him or anyone to act differently.

"... steadfast in its commitment to protect all people ... from violence, threats of violence, and other forms of intimidation and harassment." What this memo proposes is just what they say there are trying to protect from—intimidation and harassment. This cannot possibly survive legal challenges. I hope it gets challenged quickly. And Good Lordy! I hope the moms and dads are running for school board positions.

I just called my Senator's, Josh Hawley, Office and thanked him for his questioning of Dep. AG Lisa Monaco yesterday. I also informed them of this information and requested that he open an official investigation into this and demand that AG Garland step down during the investigation.

The person answering the phone enthusiastically thanked me and said he'd be passing along the information. I encourage others to call as well.
