How to spot a "CIA funded"/ alt-right COINTELPRO blog.

[JULY 1, 2020](#) | [BDBINC](#) | [3 COMMENTS](#)

1. Controlling the COVID narrative to only include lower fatality numbers and talk about wearing masks. Ignoring the fact a new disease "COVID" does not even exist and has not been proven. Allowing only spoken controlled opposition from "dissenting" experts, the Drs and nurses that say COVID disease exists. As long as you don't question the very existence of a new disease and do not question the Germ theory. The fact that paleo virologists and virologists working on the human virome (and viruses incorporated into our dna) say the trillions of rna strings ("viruses") in and on us found in healthy people so are not seen as causes of disease. Comments that do not go with the alt right dialog will be censored or skills will jump on them and response will be censored. The human Virome we all have includes that of what they call "Corona virus" up healthy people's nasal passage. This scientific fact flies in the face of psyop COVID propaganda.
2. The controlled opposition alt rights love going on about the CIA Agent Assange "Free Assange" they cry. Promoting a cult like following of the media celebrity poster boy for "internet impartiality and freedom" (scoff). There is none and Wikileaks is the CIA's whistle blower honey pot. Where is the evidence for Agent Assange and CIA's Wikileaks being what the media tell you they are? They have nothing to support the media lies about him and the CIA org Wikileaks but the words of the media, propaganda from a media that we know lies. Reasoning denies the media lies for if anyone was a real threat to the CIA they would have been assassinated long ago not made into a celebrity hero & a symbol and poster boy for freedom. They would not be not staying in London partying with other celebs and making babies.
3. They talk about Trump and other bankster presidents and PMs as other than the NWO puppets they are perpetuating the democracy dogma.
4. They talk about evil "elites" as enemies and people who believe media as enemies. Making enemies divides and conquers. Naming and judging (to be better than also builds egos) banksters spokespersons and making them the enemy. When if people stopped believing and following them and giving them fealty and attention they would quickly dissolve.
5. The alt right perpetuate the racism. Pretend the Floyd false flag and X Blackwater riots were real honest uprising of the people. They are still playing the race card and still dividing. All life matters. We are all privileged to be alive.
6. They tell you America is evil, Russia (symbol bear) & China is good. This works for the banksters planned Marxist/communist reset call it "Socialism". Or as the UN NWO call it "Happyism" marshal law, mass poverty, tyrannical neo nazi govts with "health and safety" nazi officers issuing infringement notices. Its not humanism

which is what we need, its not even close. Read the UN(global shadow govt) 2030 agenda its written in Orwellian so you have to reverse it to translate it to English. As they want another Ism they are going on about "anti capitalism"(not greed) and blame capitalism for all that's wrong in the world. We don't even have a political-economic concept called capitalism we have Banksterism. The bankers create money out of debt in a big fraudulent ponzi scheme our govts are set up as corporations totally controlled by the banks they borrow money off(in our names) . The govts instead of creating it themselves with no interest for infrastructure, needs and budget etc borrow it with interest. Thats not capitalism. Its an economic and political monopoly usury and corrupt.

7. They hijacked the spiritual meaning of Enlightenment (To know thyself) to " woke" . To be Woke is when you believe the media's alt right propaganda . Like the CIA infiltrated the 60's uprising consciousness and turned the counter culture movement of love in response & protest to the Vietnam war into " hippys" excessive use of sex and drugs. The alt right tentacle blogs have the pseudo spiritualism meme popping up and if you believe what they tell you you too will be " woke" like them.

8. Fearmongering and using the same controlled opposition authors spreading the same memes and keeping to the narrative .

9. Telling the narrative they want about your helplessness and dis-empowerment. Telling you their plans so you believe and without knowing unconsciously help them manifest it. You are a co creator in this world and they do not want you to know about your superpowers.

The mainstream media have branched heavily out into alt right social media blogs as so many people stopped believing mainstream media . Alt right is of growing importance to the Oligarchy in order to have mind control of the increased numbers of " deniers" and dissenters.

So question everything with a reasoning mind. Be present and mindful when you read information on blogs.

Only conditioned minds can be programmed.

The ego is the conditioned mind.

Freedom comes from within not without .You don't have to create it its already there waiting for you.

Primary.

Start an inner revolution.

Know thyself.

1. **HORRIDCUNT** says:

Anytime anyone tries to discredit socialism/Marxism/communism it's almost guaranteed they have never read Marx couldn't describe the three without a google copy and paste and think the only ideology left to man is somehow a bankers secret cartel. You also say something about divide and conquer you do repairs their are several sides to an argument and that it would automatically create a division? What you really mean is everyone should think like YOU

No "horrid cunt" (I hope you don't kiss your mum with that mouth)

I want people to investigate, to question the narrative and discover for themselves not to eat up and then think like the media propaganda.

The economic and political MONOPOLY that we have in place is a fact.

What I see now is a **fascist** UN govt system controlling all central banking national govts complete with home detention , forced medical experimentation , covid concentration camps, that is more in line with **Nazism** than ideology of socialism/communism/marxism .

The use of divide and conquer strategies(Ism's)and controlled opposition is also a fact .

I don't know where you've been to miss what is going on immersed in NWO marxist -communist ideology (popular alt right controlled opposition sites "Zero hedge, Caitlin Johnson, Off (shoot of) Guardian") but I kindly suggest you try thinking for yourself for a change 😊

@ Horriblecunt Marxism,Communism, nazisocialism are all forms of Fascism as they are and so discredit themselves. Its time we evolved beyond ideology that keeps us mind identified and voting through use of ideology for the same govt time after time.

Its high time for Human Beings not Isms.
